DEPT OF ENVIRONMENT AND CONSERVATION
OFFICE OF GENERAL COUNSEL

To: TDEC, Division of Water Pollution & Control

Subject: Appeal of Director's Order # WPC07-0179

As owner of Bigham Dozin' & Diggin', I received an Order of Assessment of Civil Penalty on August 12, 2007 (letter attached). I adamantly deny any involvement in the construction of the new road built around the mountain of Clearview Subdivision. Paul Syiak, owner of Clearview, has stated in the attached letter that I did not construct the road.

I signed a NOI in May of 2006 for Mr. Syiak for the purpose of constructing a pond; however, this project was never started. I was contacted by Mr. Syiak to build the road on Clearview, but I did not accept the project due to the complex nature of building the road and the location of the road as determined by the surveyor.

I am requesting that the Order of Assessment against me be rescinded. I believe this letter is adequate evidence, and I do not wish a hearing in person before the Board.

If you have any questions, please notify me by certified mail:

I would appreciate you letting me know your decision as soon as possible.

Subject: 60 acres on Ducks Nest in Ducktown TN

Dear Jack Bingham,

Per your request, I am sending you this letter to cover the new road which was built on my 60 acre tract of land.

To clarify, you did not cut the road which was recently put through the property that circles around the mountain.

Sincerely

Paul A Syiek
